

MAKE IT ARTSY INSTRUCTIONS

ALTERED SCRAPBOOK PAPER

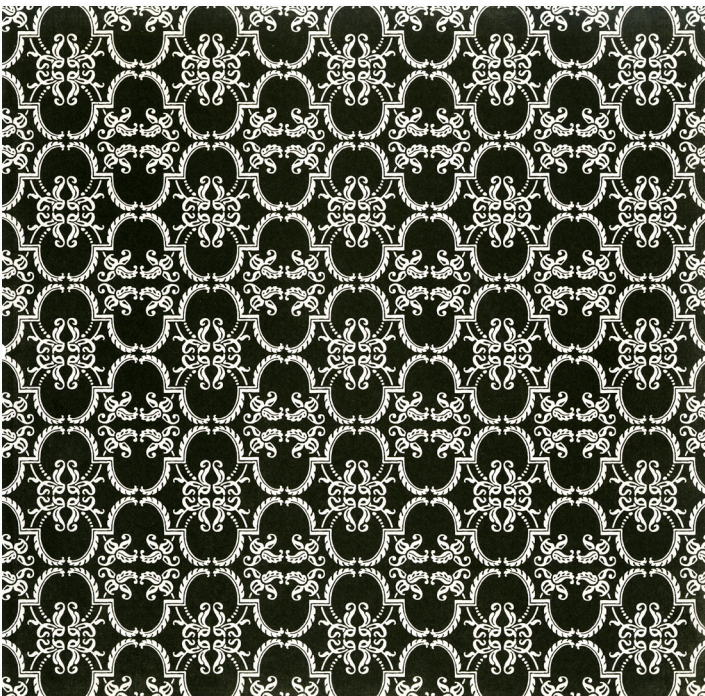

by Julie Fei-Fan Balzer

INSTRUCTIONS

SUPPLIES

- * Scrapbook Paper
- * Acrylic Paint
- * Paintbrush
- * Jar or Container for Water
- * Crafter's Workshop Stencils
- * Cosmetic Wedge Sponges
- * Paint Palette
- * Scissors

1. Paint over the scrapbook paper in random areas. You do not need to cover the scrapbook paper completely. It's better if parts of the original pattern show through and around the paint.
2. Add layers of stenciling using a cosmetic wedge sponge to apply the paint through the stencil. Use a very small amount of paint for best results.
3. In addition to the stenciling, add hand painted marks to the paper.
4. Alternate between stenciling and hand painted marks until you're satisfied.
